AttunedHealthcare

Attuned healthcare provides person-centred residential and community rehabilitation support for adults in Ireland. We focus on dignity, independence, daily living skills and community connection.

Our homes offer safe, welcoming environments where each person is supported according to their needs, choices and goals. Through personalised support plans, we help residents build confidence, take part in meaningful routines and enjoy a better quality of life.

Tranquil Setting

Located just 5.9 kms from Ashford village, Knockadreet Lodge offers a peaceful rural environment ideal as a mental health rehabilitation and continuing care centre for adult residents

Large, spacious and homely residential house in Wicklow

mhc HSE
Feidhmeannacht na Seirbhíse Sláinte
Health Service Executive

Enjoy the privacy and security of our electronically gated driveway, ensuring a safe and secluded environment for all residents.

Providing individualised person-centred services

01
Comfortable Living Spaces

Our combined kitchen and living room provides a cozy and welcoming space for communal activities and relaxation.

02
Personalized Bedrooms

Each bedroom, including several en-suite options, is designed to offer comfort and privacy, supporting individual mental health needs.

03
Therapeutic Garden

Our back garden features benches and a covered pond, with plans to develop a relaxation area filled with flowers and a soothing water feature.

Supports decision-making autonomy & personal choices

Combined kitchen/living room to the right of the front door
Island with integrated breakfast table and seating
Dining table and chairs

Plans for a relaxation area in the garden will include input from residents, fostering a sense of community and personal Involvement in their care.

Service Philosophy

Provides bespoke services for adult residents with long-term, enduring mental health difficulties.
Focuses on person-centred and individualized care plans
Strives to create a supportive and nurturing environment

An office located at the entrance ensures that staff and support services are readily available to support residents.
